Strike: "in"

Insert: "to provide heat for"

10. Page 3, line 24 through line 26.

Strike: subsection (b) in its entirety

- END -

Explanation - These amendments provide that a masonry heater must be constructed or installed according to International Residential Code standards; remove the definition of "masonry heater"; add outdoor hydronic heaters as a qualifying wood-burning appliance if it meets EPA tests; and allow installation appliance outside of dwelling.
